Paper Number(s) if you are an Author: _____			

AUTHORS MUST REGISTER BY Monday, 9 January 2012

To be published in the IEEE/IFIP NOMS 2012 Conference Proceedings and IEEE Xplore®, at least one Author of an accepted paper is required to register for the conference at the full ComSoc Member, IEEE Member or Non-Member Rate and the paper must be presented at the conference. Non-refundable registration fees must be paid prior to uploading the final IEEE formatted, publication ready version of the paper. For authors with multiple accepted papers, one full registration is valid for up to three (3) conference papers. A workshop registration is mandatory for an accepted workshop paper. The workshop paper cannot be included into the 3 papers covered by the conference registration fee. If a workshop presenter wishes to attend the whole conference, he/she has also to register for the conference at the rate applicable. Please do not share your registration confirmation code with anyone else. Although the code enables submission of up to three papers, it can only be used once, by you, to create an Author account. Accepted and presented papers will be published in the IEEE/IFIP NOMS 2012 Conference Proceedings and in IEEE Xplore®. IEEE reserves the right to exclude a paper from distribution after the conference (e.g., removal from IEEE Xplore®) if the paper is not presented at the conference. Student and Life Member registrations are not valid as author registrations.

All workshop authors need to register by Monday, 13 February 2012.

You may register for Workshops without registering for the conference. Workshops require an additional fee. Workshops are not included in any conference registration category. PLEASE NOTE: To be published in the IEEE/IFIP 2012 Workshop Proceedings and IEEE Xplore®, an author of an accepted workshop paper is required to register for the workshop and the paper must be presented at the workshop. Non-refundable registration fees must be paid prior to uploading the final IEEE formatted, publication-ready version of the paper. For authors with multiple accepted workshop papers, one workshop registration is valid for up to 3 papers in that workshop. Accepted and presented workshop papers will be published in the IEEE/IFIP NOMS 2012 Workshop Proceedings and in IEEE Xplore®.

Members of ComSoc Sister Societies may register at the member rate. (Circle all applicable):
